Dear Mr. Baird:

The U.S. Naval Intelligence School conducts a course of instruction five times a year for Naval Attaches prior to their departure for overseas assignments. In previous years, to supplement the Attache Orientation Course, the Central Intelligence Agency has provided guest lecturers. To assist in meeting the objectives of this course, the services of guest speakers from the Central Intelligence Agency are again requested.

Specifically, it will be greatly appreciated if speakers can be made available as follows:

14 September 1961

1040 - 1200                      Industrial Identification

27 September 1961

1000 - 1200                      Special Field Relationships

This confirms informal discussions made with each speaker and as discussed with [redacted] LCDR J. G. BOGDAN, USN, of the Naval Intelligence School faculty is authorized to make further arrangements with the requested lecturers.

I wish to express my appreciation to each of the requested speakers for their contributions to past Attache Orientation Classes and to you for making their services available. Their presentations have always been comprehensive, highly knowledgeable, and given in an extremely effective manner; they have contributed materially to the overall success of the Naval Attache briefing program.
